4th Nature & Sports Euro'Meet.

La Seu d'Urgell 2017 Balancing Outdoors

The concept of sustainable development has been traditionally divided into four parts: **environmental, economic, social and institutional**, and each part represents a pillar.

Nature & Sports Euro'Meet 2017 keytheme will be applied to different scopes of outdoor sports with the aim of dealing with the 4 dimensions of sustainable development in each of them.

- - *Mass Mega sport events*
- - *Active tourism*
- - *OS in natural protected areas*
- - *OS and well being*

And as a final objective, providing a set of proposals towards a more sustainable development of outdoor sports.

This innovative division of topics will allow participants from diverse areas (private companies, public officers, researchers, academic staff. etc.) to discuss the challenges of each of the topics and to set proposals to make balanced benefits between the 4 dimensions of the development for a more sustainable development of Outdoor Sports.

Sharing Experiences.

Nature & Sports Euro'Meet 2017 of the European Network for Outdoor Sports takes place in la Seu d'Urgell, Pyrenees, on 27-29th September 2017 bringing together academics, professionals, researchers, students and practitioners in the area of outdoor sports.

The conference programme is centered on the theme Balancing Outdoors. The main goal of the conference is to contribute to the sustainability of outdoor sports, balancing economic, social, environmental and institutional issues and opening up new avenues of work and encouraging further academic and professionals' collaboration..

The Euro'Meet 2017 program with scientific and professional practices abstract/paper presentations will consist of the following session types.

- Keynote presentation - Topical sessions
- Workshops - Poster presentations

ENOS cordially invites you and your colleagues to submit a scientific or practical abstract/paper or poster to be considered for presentation at the conference. The format for all abstract submissions may be found at Submission Guidelines.

Youth Outdoor Seminar

The Youth Outdoor Seminar is a 3-days workshop. September 24th to 26th, about Outdoor Tourism and Sport intended for students from all over Europe. The program will include master classes by specialists, visits to tourist and sporting sites and a case solving game by groups: the Outdoors game. The winners of the Outdoors Game will present their results at an open session of the **Euro'Meet 2017**.

Participants will have the opportunity to build their own international outdoors network and make new friends from all over Europe.

Nature & Sports Euro'Meet 2019

The day before the Euro meet (Tuesday Sept 26th), network day where you can organise as well,
a meeting of your network !

Invest for your territory and host the 5th Nature & Sports Euro'Meet 2019 during the European
Week of Sport !

[Click here to know more and get the Candidacy procedures.](#)

Reminder as well !

The GetWET partnership is hosting :

A FREE seminar on Watersports development in Brussels on 29th March.

You can see the programme and register online here on the [Get WET Website.](#)

The project which has been funded by Erasmus Plus was initiated through ENOS.

The seminar will showcase the project but also provide excellent networking opportunities and sharing of information on other potential EU Watersports projects.
