

Sustainability and Environmental Education In Outdoor Sports Invitation

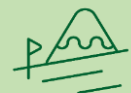

To a free online pan European webinar
Friday 13th May at 10.00 CET

The seminar will provide the main information on the research element of the SEE project which was made up of 4 distinct pieces of work:

- 1.** A survey of protected area managers in Europe to understand their perceptions of outdoor sports and associated issues.
- 2.** Desktop research into outdoor sports federations and the training that they provide
- 3.** A survey of outdoor sports federations into the reasons that they do or do not provide environmental training for coaches, leaders and instructors.
- 4.** Desktop research into broader environmental and climate change issues associated with outdoor sports.
